Soho House Tel Aviv, Jaffa

Our House in Tel Aviv, Jaffa offers members and guests a little bit of everything, right in the heart of one of the most exciting cities in the world. There's history, as the club's 19th-century turreted building sits just five minutes from Old Jaffa and a short taxi ride from central Tel Aviv; there's culture, with its surrounding local port and flea markets; and there's relaxation, by way of the House's curved-edge pool, 300-year-old lemon trees and sunken garden.

For members staying at the House, each of the 24 bedrooms is designed to feel welcoming – the kind of space you want to curl up in. Ranging from Tiny to the Apartment, the rooms are set over the first and second floors, each with high ceilings and Bauhaus-inspired furnishings. The building itself is impressive, and the layout of the bedrooms follows suit, with some situated in the turreted tower. At 61 sq m, the Apartment is the highlight – it has one bedroom, an en-suite bathroom, a living room, a kitchen, and a private balcony overlooking the Garden Bar.

In the House restaurant, guests are offered a taste of the Middle East with local dishes, alongside seafood and House Regulars like the Dirty Burger.
